

Huron Goodfellows Open Paper Sale Saturday

NEW BOSTON—The annual Goodfellows Newspaper Sale Campaign in Huron Township will open this Saturday, Dec. 20.

The sales cry Please No Child Without a Christmas, by the volunteer newsboys of the Huron Township Goodfellows Association will be heard on streets and intersections beginning at 8 a.m.

The New Boston Rotary Club along with the Huron Township Police Department, Huron Township Firemen's Association, Huron Boosters Club and the Huron Township Jaycees will all be doing their "thing" — selling newspapers to aid the township's needy families and children.

ALL THE organizations' members and clubs will be selling Goodfellow

newspapers throughout the Township.

They have undertaken the Goodfellows Newspaper Sales Drive wholeheartedly and with an united effort to make this Christmas a merry one for the less unfortunate of the Township.

Charles Grover and George Adams, co-chairmen of the Goodfellows' Newspaper Sale have reported that the co-operation with the other organizations and clubs in the Township have been most

heartwarming, helpful.

Fifteen hundred newspapers have been ordered from the Romulus Roman for the Dec. 20 newspaper sale.

Goodfellows are hopeful that all the papers will be sold by 4 p.m. The sale starts at 8 a.m.

THE MAIN intersections will be covered by various groups.

Luke Wegienka and the employees of the Huron School District have been assigned the Middlebelt—Huron River Drive corners.

Charles Larabell, Jr., and other New Boston Rotarians will sell papers at the intersection of Sibley and Middlebelt Roads.

The Jaycees and police officers will be selling papers at the intersection of Huron

River Drive — Waltz and Hannan Roads.

Elwood Krzyske and a group of men will be selling in the Village of Waltz.

THE HURON TOWNSHIP GOODFELLOWS have set this year's goal at \$1,200. Last year their efforts resulted in collecting \$1,057.49. Commenting on this year's goal, Adams co-chairman, said:

"All the needy people will be taken care here in Huron Township. Our definite goal this Saturday will be "No Child Without a Christmas."

A personal plea to all township citizens from the Goodfellows "is to get in the spirit of Christmas and give as much as you can to help make others enjoy the holiday season with Christmas gifts, food and clothing."

The 1969 officers of the Huron Township Goodfellows Association are: Glenn Hubert, president; Charles Grover, secretary; and Andrew Nagy, treasurer.

IF ANY one is interested in giving an hour of their time selling papers and have not been asked as yet, they are asked to please call Adams at 753-9541, or Grover at 753-9380.

Zoning for Big Residential Project Get Planners OK

ROMULUS—A land rezoning to permit the construction of a large residential project has been approved by the Romulus Township Planning Commission.

The rezoning petition filed by Forsythe Development Company of Southfield, Mich., was approved in a public hearing held before the planners Dec. 3, in the Water Board Building, Joseph Wallis, secretary of the Planning Commission, announced.

The firm plans the large residential complex on some 80 acres, located on the northwest corner of Pennsylvania Road and Huron River Drive.

CLAVIN SHUBOW, firm representative, made a detailed site plan showing

before the planners the commission's approval is construction blue prints and related specifications, Wallis stated.

The site plans disclosed that the project will consist of both residential units, multiple units and recreational area with adequate off street parking spaces and a commercial area.

Some 436,400 square feet will be used for the commercial aspects of the project.

RESIDENTIAL UNITS will be located on large size lots described as 80 by 120 feet with some up to 90 feet wide.

Wallis reported that these lot sizes would be the largest in the Township and compares with the average

size of 60-foot wide lots now in the Township.

Some 39.5 acres would be used by the multiple units with 12.5 units per acre. There will be a total of 492 multiple units. Majority of them will be of one to two bedroom apartments.

Present township ordinances required that 984,000 square feet would be required to construct the 492 multiple units. The firm has allowed 1,716,000 square feet in their plans, Wallis said.

IN ADDITION, the site plans show 738 spaces for off street parking and eight acres of open space set aside for recreational purposes.

The rezoning was from R-1A 9 (single family residential) to Commercial and Multiple residential, Wallis reported.

COUNTING -- Robert Walicki, president of the Romulus Goodfellows Association, shown counting returns turned in by some of the 35 to 40 Goodfellows who participated in this year's newspaper sale. The goal set for 1969 is \$2,000 to make sure that needy families and children are not forgotten this Christmas.

Romulus Police Ratify Contract With Township

ROMULUS — A two-year employment contract between the Romulus Police Officer and the Romulus Township Board of Trustees has been ratified by members of the Association at a meeting held in the Township Hall Dec. 9.

The contractual agreement had been previously approved by the Township Board pending approval of a final draft of the contract.

The final draft presented to the trustees by association officials last week had been accepted and approved.

THE POLICE OFFICERS' contract is the first in the history of the Township.

The purpose of the now approved agreement, Roderick E. Smith, township supervisor, said, is to provide orderly collecting bargaining opportunity, job security and other rights and privileges to township employees, to secure prompt and fair disposition of any grievances and to provide more harmonious and efficient working relationships between the employer and employee.

The two-year contract, with yearly salary negotiation, covers all sworn policemen of the rank below, but not including lieutenant, both part time and full time on township payroll.

THE PACT also fixes the conditions of employment, economic benefits, rules and regulations.

The contract does not cover salary schedules at this time but does provide setting up pay scales at the end of the first year.

Current starting salaries will be up for consideration at upcoming budget sessions when the Association is scheduled to present their salary requests.

TALUS Report is Aired to Officials Bizek Scheduled Meeting Of Local Administrators

BY HENRY CANTIN
Staff Writer

Over the next twenty years, Western Wayne County will undergo a phenomenal business and population boom which will pose many challenges for local communities.

That picture emerged from a meeting at which the tentative results of the 4½ year Detroit Regional Study (TALUS) were presented to local officials and interested citizens.

The meeting was held Dec. 11, at Stevenson Elementary School, 38457 Palmer Road, Westland.

The meeting was sponsored by County Supervisor Edmund Bizek, of Romulus, D-District 24, chairman of the supervisors transportation committee.

HE INVITED officials and civic groups from Belleville, Dearborn Heights, Romulus, Sumpter, Taylor, Wayne Westland and Van Buren Township.

Using color slides of maps, charts and graphs, two TALUS planners, Alex Kennedy and Gary Kraus,

drew the following picture of that area by the year 1990:

*The 1965 population of 268,000 will rise to 508,000 an 89 percent increase.

*Land in urban use will increase from its 1965 figure of 61.5 square miles to 147 square miles—an 87 percent rise.

*Employment will increase 127 percent—from 46,497 in 1965 to 105,000.

*There will be a fantastic increase in purchasing power, with the number of families having incomes of more than \$15,000 in present-day dollars multiplying tenfold.

DISCUSSION FOLLOWING the presentation made it clear that local communities will face tremendous challenges during the same period in coping with the population explosion and in competing

The Public Letter Box

TO THE EDITOR:

TO THE TAXPAYERS IN SUMPTER TOWNSHIP:

Are you one of the many taxpayers who received an unusually high tax bill this year? I was, and I have tried to find out why. Below I list some of the things I found.

*There are a lot of taxpayers who have had their taxes reduced, with a notation in the tax books "Inability to Pay." A lot of these work at a job, some the

wife is also working. Why can't they pay their fair share of the tax? Others marked "Inability to Pay," are older people who hold large farms, completely involved with the soil bank program.

These people are drawing money from the Federal government for leaving the weeds grow up. These people too, could pay their full share of the tax.

*One of the Sumpter Township Board members had his taxes reduced, with

the same notation Inability to Pay. He and his wife both work at good jobs and he is also drawing a salary as a township official. When the present supervisor was questioned on this, they immediately covered the notation with crayon and told me it was a mistake, it shouldn't be in the book that way. We wonder?

*A new Trailer Park reportedly worth several million dollars has a tax valuation on the books of \$25,200 and is taxed accordingly.

*The so-called dump in our township doing several hundred thousand dollars in business every year is taxed far below some of the farms in the township.

*A hall rented for weddings etc. is stamped Tax Exempt in the tax book, they pay no property tax whatsoever.

*There are home Sumpter with identical market value. have \$400 property, others, with less acreage, \$700 and \$800. Why inequality?

*Did you know that the present township Board voted a 7 mill additional tax for the water program? Sumpter township has a tax base of about 19 million dollars. Now if these low taxpayers do not pay their share, it is passed along to the other taxpayers. The result is low taxes for some and extra high taxes for others.

We know and understand there are some in the township who cannot pay their tax, but these cases I cite, I know to be as able as I to pay their tax, and should be paying it.

We do not blame the present supervisor for the tax situation this year. But we did not like the way he took the office and this we can blame him for. He can help us if he wants to. He has told me things will be different next year.

We hope he means it. In the meantime some of us pay extraordinary tax bills and some pay next to nothing and we all get the same services.

Sumpter Citizens, I think it's time we banded together for honest government. Let's get a Grand Jury Probe in Sumpter. These low taxpayers should have to prove their inability to pay and the Board of Review and former Supervisor should be exposed for their practices. Then and only then can we expect a fair tax program in the township.

Christmas 1969

The celebration of Christmas takes on added meaning each year. It reminds us that material success holds little value if we neglect the spiritual.

The strongest tie in human endeavor is that of the family, and through this tie we project our good wishes and feelings to those around us.

Some of us express the holiday in material ways through an exchange of gifts, others through an exchange of cards, personal visits or telephone calls. But they all focus on the main theme of brotherly love.

IT IS the time of year when good-fellowship, in spite of some commercial overtones, becomes contagious—when friendly, kind thoughts and actions are directed toward our fellow-man.

It is a time when voices are heard in song and prayer—and the cares of the world melt away.

Let us try to extend the quality of the Merry Christmas of Christmas Day to the other 364 days in the year—by looking for positive ways to further the well-being of all mankind.

WHY

The guns are blasting in my ear
But already I've learned to fight off fear.
I've learned to forget how to care the way I
used to know,

Oh Lord, why in the hell did I have to go
Not just me, anyone, why do we have to fight
To kill, dear God is just not right.
I know I have to and I was willing to come
To defend my people I thought that I could
help some.

But fighting and killing and getting no place
Causing more suffering in the human race
I came, I saw I don't like what I see,
God, why do such things have to be
They don't know us and we don't know them
But those guns go off again and again
They'll kill and kill and kill some more,
Till there won't be anymore men to fight this
war.

But why should any war be fought
When peace and love are always sought
Sought by many but won by few
My God, why doesn't this world start anew?
Why do we need war, why oh why
Why must so many innocent men die
They don't hate us and we don't hate them
But those damn guns keep firing again and
again

They kill the good and they kill the bad,
They kill the son and they kill the dad.
They leave the world much worse off than
before

Because of that stupid unjust war.
How many men must lose their lives
And leave their children and leave their wives
War must end and end for good
So peace and love will be understood.

Non Voters Receive Reminders

ROMULUS—Approximately 1,000 Romulus Township residents listed on the township's vote registry are being notified that their registration face cancellation for failure to vote in the last two years, Alfred J. Perry, township clerk, reported Monday.

Notices of Suspension of Registration are being mailed out to these persons for having failed to vote within the past two years.

THE NOTICES inform the recipients that unless they apply for a continuation within 30 days from Dec. 14, their names will be dropped from the voting rolls.

An application for continuation of registration contained in the notices will upon signature of the recipient, make his or her vote registration remain on the township vote lists, Perry announced.

The application must be returned to the Township Clerk's office by the Jan. 14 deadline.

County Officials Puzzling Over Ballot

Wayne County officials are puzzling over a 1970 election ballot that looms so long it might not fit on election machines.

"It is the belief of the Commission that returning to paper ballots would cause chaos," the three-member Wayne County Board of Election Commissioners declared in a letter pointing out the problem.

CONTRACT

(Continued from Page 1)

Present starting salaries are as follows: for recruit policemen, \$7,500 with an increase of \$260 after six months. Starting pay for experienced police officers is \$8,520 with a pay boost of \$260 after a probationary period of six months.

Association officers are Patrolman Robert Kahl, president; Patrolman William Wensko, secretary and treasurer; and Sgt. Robert Taylor.

Special caution must be taken while driving under sometimes hazardous holiday conditions, warns Liberty Mutual Insurance Companies. The other driver may well intend to do the right thing but bad brakes or too much holiday "cheer" could cause him to make a mistake which could cost you dearly.

On the ballot next fall will be everything from school board and municipal offices through County offices to State posts.

THE COUNTY is responsible for preparing the ballots in such elections.

The threatened lack of space on the voting machines would be confined to the City of Detroit, but would have County-wide impact because any changes in the State election laws to solve the problem would apply State wide, according to Joseph Martina, County elections director.

On that basis, the legislative committee of the County Board of Supervisors, meeting Dec. 2, rejected one solution suggested by the Board of Election Commissioners.

In a letter to committees of the State Legislature, the election commissioners suggested the possibility of holding all nonpartisan elections in odd years and partisan elections in even years.

MEMBERS OF the supervisors legislative committee opposed that solution, however.

"This would force school board elections onto the ballot with municipal elections throughout the County, and the school boards are strongly opposed to this," said Harvey J. Beadle, of Redford, D-District 19, the chairman of the legislative committee.

"School officials feel it is very important that they have their own elections. We have instructed the County elections director to meet with his Detroit counterpart and the Detroit Common Council, and see if they can come up with another solution."

In other actions, the supervisors legislative committee endorsed various proposed state laws which would increase state grants to the County for various types of hospital and psychiatric care, and foster care of children.

ALSO ENDORSED was a bill which would give the Board of Supervisors the power to fill vacancies in County elective offices. A special three-member commission now fills such vacancies.

Members of the legislative committee are, in addition to Beadle:

James DeSana, Wyandotte, D-District 23; Edmund Bizek, Romulus, D-District 24; Freddie G. Burton, Detroit, D-District 5; Joseph Cardinal, Dearborn, D-District 21; John S. Cook, Jr., Detroit, D-District 17; N. Frank Cylkowski, Detroit, D-District 16; William L. Dunbar, Detroit, D-District 10.

Rudy Hickey, Ecorse, D-District 18; John Lesinski, Dearborn, D-District 20; Carl D. Pursell, Plymouth, D-District 26; Eugene A. Sikora, Detroit, D-District 7; Jerome A. Szymanski, Detroit, D-District 6; Ralph Patrick Turco, Westland, D-District 25; and Frederick

PHENOMENAL GROWTH SEEN FOR AREA

(Continued from Page 1)

for tax-producing business development.

The TALUS planners said that various alternative freeway, arterial highway and mass rapid transit plans are now being analyzed through computers to arrive at the final TALUS recommendations for the seven-county study area.

Kraus said that "hopefully" the recommendations would be available by Dec. 31, when the study is due to be completed and turned over to the Southeast Michigan Council of Governments for periodic updating.

TEN COMPLETE new cities of 100,000 population with a central shopping and business core—they are called Metro Centers by TALUS—are recommended in the report. One would be in the area represented at the meeting. It would be located on the southern fringe of Belleville in Sumpter Township.

The challenges that regional growth will pose for local communities were made clear in questions from public officials at the meeting.

Westland Councilman Virgil Gagnon expressed fear that the economic development will be "choked" for local communities that are bypassed in the planning of freeways and major highways.

"Already we're having the same problem—the transportation problem of getting in and out of our city," he stated.

Commission, expressed similar concern. "If you give me good roads, that is what I need to develop our area," he declared. "If we don't have that, I'm stymied. That is why Sumpter is not more developed today." Kraus said he believed highway planners recognized such dangers as a result of their experience to date.

Bizek, who has been a close observer of the development of the TALUS report as a county supervisor since its inception, replied that local communities will have to press development of water and sewage lines and other facilities needed to attract industry.

HE CITED sewer development in Romulus would help the entire region grow in a desirable fashion. while he was township supervisor.

"We felt we had to stand up and be counted on this issue even though it meant more mileage," he stated. "Sometimes it is necessary to tell the people that taxes are necessary to accomplish important community goals."

Catholic Schools Keep Costs Low, Standards High

Catholic school efficiency is such that pupils in Archdiocese of Detroit schools receive quality education at less than half the average spent on public school pupils throughout Michigan.

This was revealed by an Analysis of School Revenues and Receipts, patterned on the auditing methods used in Michigan public schools. It was made by the Archdiocesan Department of Education and is to be the

first of a series of annual reports.

"This is a useful report," John Cardinal Dearden, Archbishop of Detroit, commented. "It will be useful to those in charge of Catholic education elsewhere and, of course, will be made available to any interested persons engaged in public education."

To make the costs exactly comparable with those of public schools, the amount that ordinarily would be spent on teachers' salaries if the schools did not have the

volunteer services of teaching nuns and brothers was computed.

IF NUNS got regular salaries, the yearly cost per pupil would be \$432. This compares with an average cost close to \$900 per pupil in Michigan's public schools.

The actual average cost per pupil is only \$282, and yet the Catholic schools meet all standards set for Michigan schools.

Detroit public schools some time ago revealed a survey had shown their pupils tended to be a grade below the national average in accomplishment in grades tested.

Meanwhile the authoritative Educational Testing Service of Princeton, widely known for its College Entrance Boards, found Archdiocese of Detroit school pupils to test six months to a year ahead of the national average of attainment.

"With education costs one of the greatest problems of the day, we hope the report will prove useful to those trying to keep up with inflation in public school systems," Auxiliary Bishop Thomas J. Gumbleton, Vicar

"OUR EDUCATIONAL experts, including Msgr. Arthur L. Valade, Father

John B. Zwiers, Father Bernard J. Harrington and Sister M. Emeline, O.P. will be happy to confer with public school officials, or with groups of parents concerned with keeping educational costs down and efficiency up."

Bishop Gumbleton said only intense efficiency had permitted the Catholic school system to continue in operation, even with the continued sacrifice by teaching nuns and brothers, amid a school cost explosion that had endangered both public and non-public education. "Many of our schools are close to closing unless they can find

additional funds," he said, "but it is a wonder that they have been able to accomplish what they have."

A measure of relief intended to keep Catholic students from flooding public schools as their own close is now being debated in the State Legislature.

THE SURVEY revealed that it takes half of the income of the average parish to keep schools operating. This contribution covers two-thirds of school costs, the other third coming from tuition and students fees.

The survey broke down income and expenses in a variety of tables covering 46 pages.

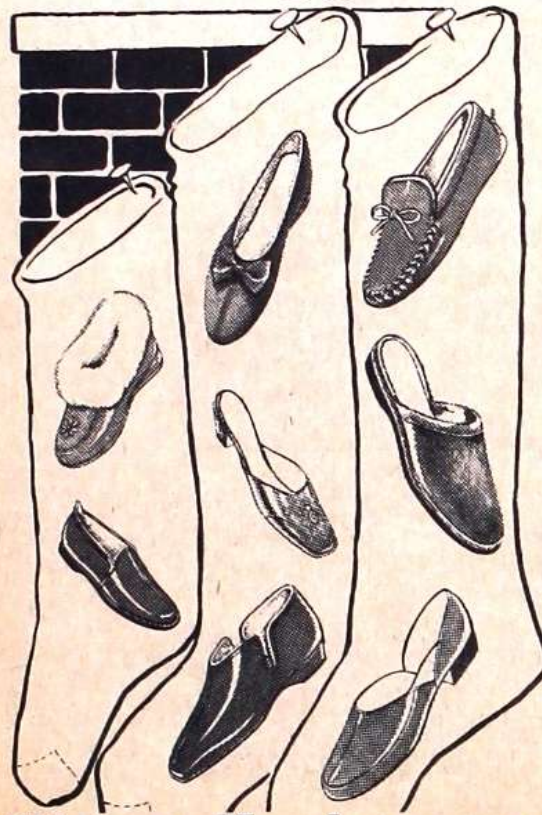

The first table concerned average costs of 248 elementary and 75 high schools. Of the \$282 spent per pupil, \$160 was for instructional expense including \$136 for actual salaries. This did not count a contribution by religious order teachers of \$150 in teaching time, figured at the rate paid lay teachers. The remainder of the \$282 — \$122 — was spent on health and transportation, plant

operation, student services, capital outlay and other non-teaching activities.

IN DOLLARS, instructional expenses totaled \$26,245,971 of a total budget of \$45,500,660. If the religious teachers were compensated as are lay teachers, the total would have been \$66,949,478.

"This means credit for giving parents a fantastic educational bargain can be traced directly to the sacrifice of the sisters and brothers," Bishop Gumbleton commented.

Smith-Wallman Vows Exchanged December 6

Lillian Jean Wallman, of Belleville, and Talbert Smith, of Ypsilanti, were united in marriage Saturday, December 6, at St. Mark's American Lutheran Church, in Ypsilanti. The Rev. Carl L. Jech presided at the double ring ceremony at seven thirty in the evening before some 150 assembled guests.

The bride is the daughter of Mr. and Mrs. Milford Brown, of 49885 Willis Road, Belleville, and her bridegroom is the son of the senior Talbert Smiths, of Ashland, Kentucky.

Mrs. Glenn Miller at the organ accompanied Richard Wright, of Willis, as he sang two solos, "The Lord's Prayer" and "O Perfect Love."

GIVEN IN marriage by her brother, Edward Wallman, of Belleville, Jean wore a formal gown of white taffeta and Chantilly lace styled with an empire waistline, wristpoint sleeves and a scooped neckline. Back interest was created with a three-tiered lace train which cascaded to chapel length.

Securing her bouffant veil of silk illusion was a headpiece of four petals accented with sprigs of lilies of the valley. Her cascade bouquet was comprised of white daisy pom poms and white sweetheart roses.

As her sister's honor attendant, Diane Wallman donned a toe-touching frock of dark green velvet. The A-line gown was designed with a scoop neckline and

puffed sleeves trimmed with three white velvet bows. A matching green bow and brief veil formed her headgear and she held bronze and yellow pom poms interspersed with shafts of wheat.

The bride's only other attendant was her flowergirl, Kimberly Ann White, niece of the bridegroom.

Her frock was a miniature of the maid of honor's with her flowers being arranged in a small basket.

DON CYPHERS, of Belleville, was best man and the bride's brother, August Wallman, III, of Belleville, served as usher. Four-year old Terry Lyle Karns, son of the Ted Karns, of Pinckney, was ringbearer at his aunt's wedding.

Now making their home at 7 S. Normal, Ypsilanti, the young couple spent a week honeymooning in Northern Michigan.

The new Mrs. Smith is a 1966 graduate of Lincoln High School currently employed as an accounting clerk at the University of Michigan. Her husband is employed as a finisher for Milan Drywall, Ypsilanti.

The Stoney Creek Free Will Baptist Church, Ypsilanti, was the setting Saturday, November 29, for the wedding of Dora Irene Little of 19800 Sharron Court, Belleville, and Rex Allen Anderson, of 8629 Deer Creek Lane, Plymouth.

White gladioli and carnations graced the altar for the six o'clock ceremony which was read by the Rev. Rudy Shankle. The double ring vows united the daughter of Mr. and Mrs. Arthur J. Little, of Belleville, and the son of Mr. and Mrs. Virgil Anderson, of Troutdale, Virginia.

Her A-line gown was styled with three-quarter bishop sleeves frosted with lace, a rounded neckline, and full skirt which terminated in a chapel train.

Her elbow-length veil was caught to a petal headpiece of sequins and pearls.

GOWNS OF velvet and chiffon were worn by the six bridal attendants whose veiled bow headgear was made in matching colors. Linda Dobbins, of Belleville, as maid of honor donned an empire mode frock of navy blue.

In ensembles of aqua, cranberry, violet, maize, and

olive green were Patricia Little, sister of the bride; Sherry Smallwood, of Ypsilanti; Lynne Thompson, the bride's cousin from Belleville; Kathy Little, another cousin from Salem; and Bette Eller, sister of the bridegroom.

Dressed as a miniature bride was six-year old Carol Eller, daughter of Mrs. Bette Eller. Rickie Lee Little, 11, son of the Harold Littles, was ringbearer.

Gatlinburg Is Honeymoon Destination for Sienkos

Double ring vows were exchanged Saturday, November 22, between Marlene A. Dunn and Thomas S. Sienko, both of Belleville. The six o'clock ceremony at St. Anthony's Catholic Church united the daughter of Mr. and Mrs. Edward J. Dunn, of 45125 Harmony Lane, and the son of Mr. and Mrs. Stephen Sienko, of 46595 Bemis Road.

Father Raymond S. Skoney presided at the nuptial rite before an altar appointed with vases of white chrysanthemums and gladioli. Robert Carnahan, son of the Bernard Carnahans of Ypsilanti, assisted as altar boy.

Escorted to the sanctuary by her father, Marlene appeared in a toe-touching creation of peau satin styled in the empire mode with a scoop neckline, long sleeves, and A-line skirt which terminated in a chapel train. Peau d'ange pearl lace accented the bodice and circular train.

Her four-tiered silk illusion veil drifted to mid-back length from a lace petaled headdress frosted with seed pearling. Completing her bridal finery was a crescent bouquet of white carnations and cymbidium orchids.

MR. AND MRS. THOMAS S. SIENKO

Maid of honor was Karen Topp, of Howell. The bridal coterie included Nancy Snay, of Ann Arbor; Sharon McCaffery and Mrs. Theodore Smolinski, sister of the bridegroom, both of Belleville; and Lorree Ann Dunn, sister of the bride, who was junior bridesmaid.

Identically dressed, their sapphire blue velvet gowns were fashioned with blue satin sashing the high-rise waistlines. Venice lace banded the long sleeves and the skirts were cut in the A-line style.

Their accessories included silver shoes, white headpieces, and white fur muffs.

Five-year old Susan Paurazas, daughter of the Stanley Paurazas, of Southfield, carried out the role of flowergirl in a miniature version of the senior attendants' frocks. The white muffs she held were topped with white mums tipped in blue.

THE BRIDEGROOM asked his brother, John, to be best man. The corps of ushers was comprised of Danny Woodby, Bob Dunn, brother of the bride; Ted Smolinski, brother-in-law of the bridegroom, all of Belleville; and Gene Novacek, of Allen Park.

The duties of ringbearer were assumed by Greg Carnahan, the five-year old son of the Bernard Carnahans, of Ypsilanti.

The Dearborn I.O.O.F. Hall was reserved for the reception which followed. Some 300 guests were greeted by Mrs. Dunn in a moss green knit coat-dress ensemble with black Australian opossum trim. Mrs. Sienko chose blue lace over satin for her son's wedding. Both mothers were presented with white orchid corsages.

On returning from their week-long honeymoon to Gatlinburg, Tennessee, the newlyweds made their home at 25 Maple Drive, Belleville.

Both Tom and Marlene are Belleville High School alumni. Following graduation in 1963, Tom served for two years with the U.S. Army, seeing duty in Vietnam. He is currently employed by Draw-tite of Belleville. IN FROM THE SOUTH

THE OSTROWSKIS — Joe and Rose of Martz Road — arrived back in Belleville recently after their three weeks' motor trip to Florida. Traveling down via the Gulf coast, they stopped off in Tarpon Springs to see former Bellevillites Leonard and Julianna Hudge, who invited them to spend the night.

Continuing on to Ford Meyers, they called on former members of the community, Mr. and Mrs. Ted Pullen, and long-time friends, the Leslie Halmans and Mrs. Edna Novotny.

Crossing over to the Atlantic side, they did as much sight-seeing as could be scheduled into their allotted time. In all, they covered some 2700 miles with Cypress Gardens, Busch Gardens, and the rose gardens and dancing waters at Cape Coral among their pleasant memories.

DINNER AND DANCING

TRAVELING TO East Detroit Wednesday evening were four couples from the area who held reservations for dinner and dancing at the Polish Century Club on Van Dyke. Sponsored by the Society of Manufacturing Engineers, the party was the annual holiday gala for society members and their guests.

The newly wed Mark Hardens, who were united in marriage Saturday, November 29, are now making their home at 380 Liberty Street, Belleville.

Marsha Crow, daughter of Mr. and Mrs. Robert Crow, of 12260 Hannan Road, Romulus, became Mrs. Harden in an evening ceremony at the Grace Baptist Church, in Belleville, with some 500 friends and relatives in attendance.

The Rev. Kinniman Crawford officiated at the double ring rite before an altar adorned with lighted tapers and baskets of white chrysanthemums. Dona Coggins was organist and the Rev. Bill Gram was soloist.

WEARING AN all-lace design, the bride was escorted up the aisle by her father. Her gown was fashioned with a full skirt comprised of lace ruffles, a fitted bodice with a high, lace-ruffled neckline, bishop sleeves, and a train which drew up into a bustle for the reception.

A sequin and pearl studded lace headpiece clasped her elbow-length illusion veil and she carried a colonial bouquet of white mums and gladioli encircling a detachable corsage of white roses.

Shirtwaist style frocks were chosen for the quintet of bridal attendants who carried white mums tipped to match their dresses. The bodices were in white satin with collars and cuffs in velvet to match the skirts.

Sue Crow as her sister's maid of honor, was in white and gold while the bridesmaids, Karen Harden Woods, sister of the bridegroom; Vicky Crow, sister of the bride; and Sharon Sturtz and Joyce Ashley, former classmates of the bride, were in white and green.

SHERRY GAITHER, the seven-year old daughter of the Gerald Gaithers of Belleville, was flowergirl. Her frock matched that of the honor attendant and she

carried a basket filled with miniature mums and foliage.

Ringbearer was Mike May, son of the Charles Mays, of Belleville.

The bridegroom, son of Mr. and Mrs. Kenneth Harden, of 14183 Sheldon Road, Belleville, asked his brother-in-law, James Woods, II, of Belleville, to serve as best man. Others on the esquire side were Norm Harrington, Bruce Hampton, Bruce Bara, and Steve Hampton, all former classmates of the bridegroom from Belleville.

Cranberry velvet with pink trim was chosen by Mrs. Crow for her daughter's wedding while Mrs. Harden donned a blue knit with rhinestone accents. Both added white orchids to their ensembles.

At the reception, which followed in the church hall, Cathy Crow, sister of the bride, took charge of the guest book. The bride's aunt, Mrs. Leon Lowery, of Ypsilanti, served the wedding cake.

The new Mrs. Harden graduated from Romulus High School this past June and is employed at W. T. Grant's in Gault Village. Her husband, a 1969 Belleville High alumnus, is currently attending Washtenaw Community College. He is also working as a tool and die apprentice at Horst Manufacturing.

Recent Trips Take Folks To New York and Hawaii

By Mrs. Joseph Spring
OX 9-4021

Mr. and Mrs. William C. Hill of Liberty Street have returned after a two months stay at Kingman, Arizona.

While gone they enjoyed a 12-day trip to Hawaii, and Mr. Hill made a business trip to Alaska. Enroute down they visited their son William B. Hill and family at Long Beach, Mississippi, one of the towns so severely damaged by the hurricane. They report that it will take years before the damage can be repaired.

After many weeks in Belvill Community and St. Joseph Hospitals Mrs. Russel Price was able to return to their home on Liberty Street last Wednesday.

Former Church Street residents, Mr. and Mrs. Fred De Graves and family of Battle Creek were calling on friends here last Saturday.

Mr. and Mrs. Clayton Saunders of Liberty Street returned home last Wednesday from Port Jefferson, Long Island, N.Y., where they had spent a few

days with their son Robert, his wife, and new baby daughter. While away they toured New York City and enroute home had lunch with Cecil Ogden at Delmar, N.Y., a high school class mate of Clayton's.

Mrs. Paul Clark (Lydia) of Liberty Street had the misfortune to fall last week Thursday and fracture her knee cap. Her sister, Mrs. Anna Steve, of Ishpeming, is now staying at the Clark home.

Robert Hoag of Boise, Idaho, who has been attending a narcotics school at Appleton, Wisconsin, has been spending the past two week-ends with his parents, the Frank Hoags of Liberty Street. While there the family enjoyed a get-together at their home with the Donald Hoag family coming from Jackson, the Paul Hoags from Ann Arbor, Helen Hoag Wilson from Wilson, N.Y., and the Perry Sanders family from Rawsonville Road.

After having resided on Belleville Road for 32 years, Mrs. Grace Dunn has sold her home and is now living at 168 Liberty Street. She would like her friends to know that

her telephone number is the same.

Sunday dinner guests of Mr. and Mrs. Clayton Saunders were his mother, Mrs. Lillian Moore, and his

A TIME FOR CAROLING - Gathering together at the holiday party at the Dion Nursing Home were four of the 15 members of the Rockwell-Standard Girls' Club who entertained patients last Friday, December 5. Grouping together for a Christmas sing were (left to right) Nancy De Workem, Joan Berch, Santa (Jim Henning), Myrtle Cochran, and Eleanor Jay. Seated in front is Bama Watson, one of the 96 patients who were special guests at the gala.

A SMILING FACE - The happy, smiling face of Mrs. Dora Simpson was just one of many at last Friday night's Christmas party sponsored by the Rockwell-Standard Girls' Club. Santa was on hand to distribute personal gifts to some 96 patients at the Dion Nursing Home, 43825 Michigan Avenue, Wayne.

Club Members Help Brighten Lives of Nursing Home Residents

Santa Claus, in the personage of Jim Henning who filled in at a last minute's notice, joined Sophie Zoller, chairman, and 15 Rockwell-Standard Girls' Club members Friday, December 5, in a pre-holiday celebration at the Dion Nursing Home, 43825 Michigan Avenue, Wayne.

Each of the Home's residents enjoyed opening his own chuckful Sunshine Bag which had been personally prepared for him.

These bags were cotton drawstring type about 18 by 18 in size distributed to the club membership and friends to be filled at their own expense and returned for the group at the nursing home. Mrs. Zoller personally visited the patients and asked what he or she wanted for Christmas. Having some knowledge of their needs and wants, the purchases were able to be made on a more personal basis and included articles to wear and other favorite items.

His arrival at seven o'clock in the evening topped the festivities for the 96 patients who were treated to punch,

ice cream, and cake. A gala time was had when they sang Christmas carols from song sheets especially prepared for them.

To see their delight, Mrs. Zoller said, was to know what a worthwhile project the club had undertaken.

SANTA AND HIS HELPERS - Santa Claus was played Friday night, December 5, by Jim Henning of Wayne who came at a last minute's notice to lend a little cheer to the residents of the Dion Nursing Home, near Wayne. Although Jim had never played the part for the elderly before, he came in - free of charge - in order to help the Club's budget. His performance, we are told, was magnificent and certainly brightened a good many faces at the Home. His helpers here are Sophie Zoller (left) general chairman of the party, and Lorrie Towianski. Pictured in front are two residents at the Home, Elizabeth Szabari (left) and Genevieve Beck.

The occasion was the Anthony Treders' thirty-fifth wedding anniversary.

A seven pound, 4 1/4 ounce son was born Nov. 25 to SP/5 and Mrs. Gregory T. Drake (former Judith Ann Dentinger) at Darnell Hospital, Ft. Hood, Texas. The baby is the young couple's first child; also the first grandchild on both sides of the family. He was named "Gregory Thomas." The baby's father, a Belleville High graduate of June, 1963, has been in service since June 12, 1968.

On hand to greet Gregory Thomas upon his arrival home with his mother from Darnell Hospital (see above item) were his paternal grandparents, Mr. and Mrs. Ted Drake of Hannan Road, and his maternal grandmother, Mrs. Ralph Dentinger of Berkeley. Mr. Dentinger was unable to be present. The three grandparents remained in Texas to attend the baby's baptism on November 29 at the army chapel there.

The Ecumenical Youth Group of Romulus will hold a paper and bottle drive all day Saturday, Dec. 20, throughout the community and would appreciate the cooperation of local residents

Christmas presents are a great way to share the holiday joy, but loose wrappings and paper can become a real fire hazard, warns Liberty Mutual Insurance Companies. Christmas-morning confusion can have the house in an uproar and a lighted match or cigarette that is carelessly dropped in the wrappings can have the house in flames. If you are a memento collector, store these "goodies" in a safe place.

The Youth Group meets at 7 p.m. Sundays at the United Methodist Church on Olive Street and is made up of young people of high school age from different religious denominations.

Court Probation Unit Needs Volunteer Officers

The establishment of a complete probation service at the lower court level has become a crucial problem, according to District Court Judge Dunbar Davis.

To help the "first offender" from going on to more dangerous involvements outside the law, several district courts have initiated volunteer probation programs to help the adult who has

committed a 'lesser crime.'

Under the supervision of Judge Davis and Director of Probation, Dennis Dildy, the program in Plymouth's 35th District Court enlists community leaders interested in working with the adult who has committed a misdemeanor. The volunteer program is geared to handle the young adult - usually the

17 year old violator and older.

ACCORDING TO Judge Davis, 75 to 95 per cent of future felonies will be committed by those who first commit a misdemeanor.

The probation officer theoretically is the inspirational personality with whom the probationer is supposed to identify. His main function is to befriend the probationer.

Initially, meetings with the probation officers are predicated on obedience to the court's order. They must

either report or go to jail. It is the job of the probation officer to build a healthful relationship with the offender. Thus, the program works something like a good parent.

Probation officers work under the general direction of volunteer staff counselors.

THE PROGRAM in Plymouth had its start over a year ago. It follows the example of the original "Project Misdemeanor" started in Royal Oak courts by Judge Keith J. Leenhouts. Northville Municipal Court

started a volunteer program two years ago and extended the same project into Plymouth with last year's change-over to the district court system.

Most supervisors and volunteers work on a part-time basis. Chief probation officer for Plymouth is Dave Busch, psychiatric social worker in the Plymouth schools.

Volunteers are selected from a competitive questionnaire. Plymouth currently has 15 volunteer probation officers. Northville has 25 volunteers.

SUPERVISORS TRY to match volunteers with cases which might afford similar backgrounds or interests. First offenders are often given alternate sentencing if the case warrants such action.

For example, Plymouth has instituted a probation "work detail" which includes four to eight Saturdays of eight-hour work for the community. In addition, probationers pay the city \$12 each day they work. The money goes to the volunteer work supervisor who helps plan programs and meetings to further the program.

Graham Liable currently handles DPW activities for the probation department.

The volunteer program is an attempt to place first offenders and officers on a one-to-one basis.

"Two-thirds of all probationers fall between the ages of 17 and 21," Dildy says. "These are the ones we want to contact most and to reach an honest relationship with."

The probation officer is expected to keep a monthly written report on the progress of the probationer, which the probationer signs. Any

violations of probation must also be reported. The officer can also recommend, in some cases, that probation be ended earlier than the terms stated. In all cases, the court acts as the authoritative figure - the probation officer acts as a friend.

Current probation officers are Mrs. Dorothy Bloom, Elizabeth M. Ervine, M. Graham Liable, Linda and William Gratsch, James McKenna, Chuck Millett, Jane Moehle, Donald Morgan, Dr. Harry Oknaian, Mel Pearl, Nagel Post, Ray Wilson, Julie Wolcott and William Hartmann.

'Harvey' Bounces To U-M Stage

The newly-formed Phoenix Company will open two major productions here Jan. 26, through Feb. 14, before taking them to Broadway. One is the revival of the comedy success "Harvey" starring Helen Hayes and James Stewart. The second is the U.S. professional premiere of "The Criminals." Robert C. Schnitzer, executive director of the University of Michigan Professional Theatre Program, made the announcement.

"Harvey" is scheduled for the ANTA Playhouse on Broadway immediately after the Ann Arbor run. It will be staged by Stephen Porter, who directed the hits "Private Lives," "The Show Off," "The Misanthrope" in recent Michigan seasons.

Mary Chase's "Harvey," which premiered in 1944, was one of the greatest successes in Broadway history. James Stewart originally succeeded Frank Fay in the lead role. Stewart, after a stellar Hollywood career, will return to the theater as the genial alcoholic who finds himself accompanied by a white rabbit. The "Harvey" premiere in Ann Arbor, with Helen Hayes playing the other delightful key role, will thus be a history-making dramatic event.

Series tickets for both plays at special discount prices will become available Monday Dec. 8 at the PTP ticket office in the lobby of Lydia Mendelssohn Theater. The ticket office is open weekdays from 10 a.m. to 1 p.m. and 2 to 5 p.m. For additional information, phone 313-764-0450.

Choir at Westland

The Faith Lutheran Choir of Livonia will be singing at Westland on Dec. 15, at 8 p.m. in the East Court.

The concert will consist of many favorite Christmas carols along with other Christmas music which the choir has prepared for its annual Christmas concert at Faith Church.

Smoking Withdrawal Clinic is Announced

"Resolution '70: Kick The Habit."

That will be the battle cry for a five-day smoking withdrawal clinic to be held in Wyandotte Jan. 5 through Jan. 9 at the Wyandotte Roosevelt High School, 540 Eureka Road.

The smoking withdrawal clinic, co-sponsored by the Tuberculosis and Health Society, Wayne County Chamber of Commerce, is free. It will be held from 7:30 to 9 p.m. each of the five evenings. No registration is necessary.

A number of experts in the field will take part in the program designed to help individuals - young and old - quit tobacco.

AMONG THE speakers will be:

Alfred Lui, M.D., assistant chief of surgery, Wayne

County General Hospital and assistant professor of surgery, University of Michigan;

Donald B. Smith, D.D.S., chief, Oral Surgery, Veterans Hospital, Allen Park, and assistant professor of Oral Surgery, Wayne State University Medical School.

Gerald Wehmer, Ph.D., assistant professor of psychology, Wayne State University.

James H. Wheeler, counselor for addictive problems, formerly with Salvation Army Treatment Center and now with Chrysler Corp., will be the moderator.

Ice hockey is replacing soccer as the most popular sport in Russia.

Cuban refugees arrive in Miami at a rate of almost 1,000 a week.

County Board Holds Night Meet

DETROIT-The Wayne County Board of Supervisors will hold the last in a series of four evening meetings scheduled to test public interest at 7 p.m. Thursday, Dec. 18, in the auditorium of the City-County Building.

The four evening meetings were suggested by the board's rules committee to give citizens who work during the day an opportunity to attend.

Previously, all formal board meetings were held during the day.

After Dec. 18, the rules committee will review attendance and recommend whether to continue evening meetings.

PHOTO TECHNIQUES

How artists apply imagination and technical knowledge to photography -- with unusual results -- is the theme of "Photography as Printmaking" opening at the Detroit Institute of Arts Tuesday, December 23.

The 45 works in the show, by 39 photographers, date from 1842 to the present; from daguerreotype to contemporary prints. British photographers Julia Margaret Cameron 1815-1879 and Francis Frith 1822-1892 demonstrate that from the earliest days of the camera, experimenters manipulated their prints to gain extraordinary results.

"Photography as Printmaking" will be displayed in the Richardson Corridor of the Detroit Institute of Arts through Sunday, January 18. Museum hours are Tuesday 9:30 a.m. to 9:30 p.m.; Wednesday through Sunday 9:30 a.m. to 5:30 p.m.

Miller's 'The Price' Is A Must-See

BY HOWARD ALLEN
Amusement Critic

with the zesty leavening of humor.

There are two "prices." One is the price an ancient furniture dealer is willing to pay for an attic full of expensive furniture from a bygone era. The dealer has been summoned by owner of the furniture, a New York cop, and he must call his long estranged-psychiatrist-brother to discuss a split.

The other "price" is the ones paid by the brothers, who each chose a different life which led to a 20-year breach. The cop "sacrificed" himself to support a once-wealthy but ruined father, abandoned by the

psychiatrist in his search for success.

Each has been led down a path the other cannot understand and the gulf is seemingly too wide to be breached, but there in the attic they try and the result is a crashingly good theater.

Boris Aronson's set remains a feast of clutter and a visual delight.

The parade of holiday movies is upon us. "Cactus Flower" introduces Laugh-In's Goldie Hawn and the next Marilyn

Monroe—possibly—throughly steals the film from veterans Walter Matthau and Ingrid Bergman.

Matthau is a swinging playboy dentist who tells Goldie, his mistress, that he's married to insure his bachelorhood. All havoc breaks loose when he decides to marry her, for he must first pretend to get a divorce and Goldie insists on meeting his wife to make sure she's not breaking up a happy home. So Matthau must talk Miss Bergman, his aloop nurse who has long been in love with him, into playing his wife.

The complications mount at an alarming rate, but the laughs come frequently and freely as Miss Bergman bursts out of her cocoon and blossoms uncontrollably.

And then there's James Bond, old 007 himself, back in the person of George Lazenby—and what does Sean Connery look like anyway?—in "On Her Majesty's Secret Service."

This is close kin to the Bond pictures which preceded it—but with a wicked difference. Perhaps realizing that just about everything has been wrung out of the spy shtick that can be, the current effort throw in a few lines which seem to almost parody the whole 007 business.

Personally, I think Bond takes himself too seriously to allow lines like—"you can head him off at the precipice."—or, after a villain has been hashed and spewn out of a snow blower as "pink snow"—"Well, he had a lot of guts."

the head of Spectre, and finding him in a Swiss mountaintop stronghold with a plot to destroy the world's agricultural economy. Telly Savalas handles the role of Blofeld well while Diana Rigg marries Bond—briefly. The film ends on a cliffhanger basis and you know there'll be another one even if Lazenby, as announced, does walk out after only one picture.

The way Producers Salzman and Broccoli lose leading men, it might be a case for the Secret Service. Good escapist holiday fare.

Eisiminger is Legion Appointee

WAYNE -- Commander Jack Malaney of the Wayne Post of the American Legion announces the appointment of Robert Eisiminger of 30839 Bennington, Westland, as the Post Chairman of Post 111 Americanism and Education Committee.

Eisiminger will consult and advise on American Legion scholarship and will work with the Wayne public and parochial schools on the Americanism program.

Eisiminger is now completing the necessary information needed for these programs and will soon be communicating with the various school officials as to the implication of the program in all area schools.

Commander Malaney and Comrade Eisiminger managed and coached the Wayne Post American Legion Baseball Team.

The entire team responsibility has been assigned to Eisiminger as a part of the Education program.

Malaney is looking to a banner year in legion activities during 1970 and says he will make additional appointments to responsible committee assignments from the ranks of the Korean and Vietnam Veterans, because he

Marvin and Luanne Carlisle of Livonia are awaiting AKC confirmation of the championship of their Irish Setter, Canadian Champion Lumar's Auburn Mike, C.D. Mike finished by going Winners Dog for three points at the Monroe Kennel Club show on Nov. 22. Mike's owners also report that he is the proud papa of a litter of three week-old pups at the Carlisle home.

Mary Kopus of Livonia handled her Weimaraner, Ch. Mary K's Silver Sargent Sam, to Best of Breed in the Weimaraner specialty held in conjunction with the Motor City Specialty Clubs show on Nov. 23.

We have recently made the acquaintance of an inner-city resident who was once a Beagle fancier but was forced to sell his dogs due to severe family illness some years ago. His love for the breed and for running the dogs is truly moving, and we are now helping him to look for a Beagle in need of an exceptional home. Any one who knows of such a dog can contact me at 273-7125 any day after 4 p.m.

Please send all news of recent show wins, new arrivals, etc., to Mike Murray, c/o Associated Newspapers, 2211 N. Wayne Road, Westland or call 273-7125.

Walnut Is Still Tops In Furniture Buys

If you prefer walnut furniture, congratulate yourself on picking a solid winner.

It's been the prestige furniture and paneling material for centuries. And today it retains that envied position in a world of competing products, including substitute materials which pay it the supreme compliment of imitation.

Two widely divergent 1969 surveys have pointed up walnut's sustained popularity. One was a market study of leading furniture and department stores in 30 states, reported in Home Furnishings Daily, trade journal of the home furnishings industry. The other was a survey of the 2,060 bedroom and dining room suites exhibited at the summer International Home Furnishings Market in Chicago.

The first study, conducted by the Market Research Department of Fairchild Publications, showed that walnut "is by far the leading wood in both Modern and Scandinavian Modern furniture."

It is the best seller among 93 per cent of stores reporting on Modern

furniture, according to the survey. The next best seller was pecan, mentioned by only 5 per cent.

In Scandinavian Modern walnut was mentioned as the best seller by 83 per cent of the retailers reporting. Teak was a distant second, termed the best seller by 11 per cent.

Seventy-six per cent of the respondents said walnut was the best seller in Contemporary furniture. Pecan ranked second, being named as the top seller by 23 per cent.

Pecan and oak were leaders in Spanish furniture, while cherry and fruitwood topped the list in formal French, French Provincial and Italian Provincial styles. Maple was dominant in Early American.

The survey of the summer furniture market in Chicago revealed that walnut held its long-established position as the wood most in evidence among bedroom and dining room suites displayed.

It was shown in 341 suites, or 16.6 per cent of the total. This was a 1.1 per cent gain over its representation at the June, 1968 market. Pecan was a close second, with 16.3 per cent of the suites and maple was third with 14.3 per cent.

A BOLD COLOR scheme of red, white and black adds drama to this living room setting from Lewittes Enterprises. Column motif of stark white fireplace—focal point of room—is carried out in the unusual coffee table with glass top. Room was designed by Ken King for the "America at Home—Fall 1969" program at the American Furniture Mart.

Hardwood Floors May Save Money

The typical purchaser of a new FHA home can save several hundred dollars by insisting on hardwood floors throughout, even though wall-to-wall carpeting is also to be used all over the house. So says A. W. Crowe, a vice-president of Cook Industries, Inc., whose Bruce Oak Flooring Division is the world's largest maker of hardwood floors. Here's how:

The average length of time a family lives in a new home before moving is seven years, according to national housing statistics.

Coincidentally, seven to eight years is the average claimed wear life of most FHA approved carpeting that may have been installed in that new home. That's why any newly-built home should have a permanent floor, even when wall-to-wall carpeting is to be used also.

When the "average" owner of a seven-year old house is

ready to sell he can pull up the worn carpeting and have available a complete house with a brand new hardwood flooring throughout. On the other hand, if carpeting was originally laid over plywood or concrete without a finished floor as is happening with some houses today, the seller is faced with the difficulty of selling a house with worn out carpets. He either has to discount the sales price to allow for replacement of carpets or put in new carpeting before offering the home for sale. Either option is expensive.

The omission of hardwood floors in the first place was for the theoretical purpose of saving the home owner

money, since carpeting was to be used throughout. But the loss incurred in sales value at the average seven year interval is more than four times the extra cost of putting down hardwood floors along with carpeting when the house was built, Crowe says.

He explains it this way: In a conventional house with basement or wood joist construction it is necessary to do one of several things to adapt the subfloor for carpeting, if no finished floor is to be used. These include use of thicker plywood than normal, use of two layers of plywood, or use of plywood plus particle board or some other type of underlayment.

MODERN DESIGN — with a touch of the Orient is captured in this "America at Home" setting created by Elroy Edson for Selig Manufacturing Co. and on display at the American Furniture Mart. Stark white of sofa is enhanced by green velvet chairs. Walls are done in grass green. Draperies and vinyl wall covering are in green and white with bamboo design — the Chinese longevity symbol.

Old Furniture Can Live Again

Discarded — but still useful — furniture can be resurrected from attic or basement and converted to useful and unusual decorative life.

In keeping with today's eclectic look in home decor, an old chair, chest or table can easily be repainted or recovered to accentuate a room.

Scraps of material can be used to cover chests to compliment existing furnishings. (Sand drawers before covering to insure an easy glide.)

An old, discarded chair can be painted with a bright enamel to create an accent piece.

Occasional tables, which have been stored away, can be brought back to life with a little paint — or by covering with a fabric to match walls, seating pieces or draperies.

Old lamps find new uses by simply adding new shades. Or, spruce up existing shades with a little braid or bric-brac trim.

Out-grown nursery items can find many new uses. Baby's old chest of drawers can become the perfect storage unit for a spare room by repainting in two colors.

A trip to the attic or basement, combined with a little imagination, can add new decorating magic to your home.

Sound Control Important

When sound control is the challenge in a home building or remodeling project, hardboard paneling is the answer.

Sound-rated hardboard panels can assure you that the wall you install will act as a sound barrier as well as a room divider. When hardboard panels are properly installed, these "partywalls" become a low-priced asset rather than a high-priced liability.

Partitions are rated in terms of Sound Transmission Class (STC) with a rating of 30 or less considered "poor," a 30-35 rating judged "fair," a 35-40 score ranked as "good," a rating of 40-45 said to be "very good," and a rating of 45 or more considered "excellent" (used for special acoustical applications).

Applying these values to various partitions, one finds that a partition with 1/4-inch, prefinished Abitibi hardboard panels on both sides of the studs has a "good" STC of 36. This compares dramatically with the STC of 26 for a partition with 3/16 inch prefinished lauan plywood on both sides of the studs, an STC of 28 for a similar partition with 1/4-inch prefinished lauan plywood on both sides of the studs, the STC of 32 for a partition of 5/8-inch gypsum wallboard on both sides of the studs, and the STC of 33 for 1/2-inch plaster over gypsum lath on both sides of the studs.

The hardboard partition comes out ahead every time.

Although the simple hardboard partition is considered a "good" partition in terms of sound reduction, Abitibi Corporation points out, the partition can be even more of a deterrent to sound transmission when prefinished hardboard is used in combination with drywall plaster over gypsum.

INCLUDES STATE PRISON

County Exploring Complex Housing Jail Facilities

Construction of one complex encompassing a youthful offenders facility, a State prison and a new County jail is being explored by the Wayne County Board of Supervisors.

Members of the County legislative body will seek an exploratory meeting with Gus Harrison, director of the Michigan Corrections Commission.

The possibility of such a complex developed during discussion of the space squeezes at the County Youth Home, the jail and in the State prison system.

THE DISCUSSION occurred Dec. 5, at a joint meeting of three committees of the Board of Supervisors and the Wayne County

Coordinating Committee on Crime Control and Prevention.

As a result, the chairmen of the three supervisors committees will request a meeting with Harrison to further explore the concept.

The three chairmen are Ralph Patrick Turco, of Westland, D-District 25, law enforcement and public safety committee; Jerome A. Szymanski, of Detroit, D-District 6, juvenile affairs committee; and John Lesinski, of Dearborn, D-District 20, planning and capital improvement committee.

A COMBINED complex would be more economical in terms of both cost and space

because certain facilities, such as the kitchen and recreational facilities, could be shared, it was pointed out at the meeting.

Harrison has indicated in a letter to the Board of Supervisors that he is receptive to the idea of locating a proposed new State prison in Wayne County.

His letter was a response to a letter in which Supervisor John H. Shepherd, of Detroit, D-District 12, urged that, if a new State prison is built, it be located in Wayne County and include a facility for youthful offenders guilty of serious offenses.

In responding, Harrison stated:

"We would be happy to receive an invitation from Wayne County to consider the placement of such a facility within that jurisdiction. Shepherd makes some excellent points in the desirability of locating such an institution in Wayne County."

IN HIS letter, Shepherd stated that location of the prison in Wayne County would make it easier for families to visit inmates, helping to prevent family breakups.

The concentration of social agencies in the metropolitan area would be helpful in rehabilitating prisoners.

The supervisors planning and capital improvement committee is already

developing plans for a second Juvenile Court and Youth Home to serve the area west of Detroit. The most likely site is County-owned land across Michigan Avenue from Wayne County General Hospital in Westland.

The three supervisors committees also approved "in principle" the final report of a year-long study conducted under the auspices of the Wayne County Coordinating Committee on Crime Control and Prevention.

Recommendations of the report had been announced previously.

WHILE THE joint meeting was under way in Detroit, the Michigan Crime Commission, meeting in Lansing, approved grants totaling \$272,000 for first-year funding of some of the proposals contained in the report. The commission had \$860,000 to disburse statewide.

The WAYNE COUNTY grants are:

*\$63,000 to the County Sheriff to establish an organized crime bureau, with another \$45,000 promised for next year.

*\$20,000 to the Sheriff and the Detroit House of Correction for training of jail guards and correctional officers.

*\$18,000 to Wayne County Circuit Court and the district courts for a pretrial release program.

Selective Service Issues Rules Under New System

Michigan Selective Service System has issued the following facts on the Random Selection System that starts in January, 1970, and which establishes a new method for the selection of registrants for induction into the armed forces. It follows:

*The Random Selection System starting in January 1970 establishes a new method for the selection of Class I-A and Class I-A-O registrants for induction into the armed forces in the order of their Random Sequence Numbers. It replaces the former system of selection of the oldest available registrant under age 26. It limits to one year the period of prime vulnerability to induction.

*The Random Selection System does not change existing registration and classification requirements. Qualified registrants may continue to be deferred by Local Boards. They will be subject to random selection by sequence number in the year in which they are classified available for service.

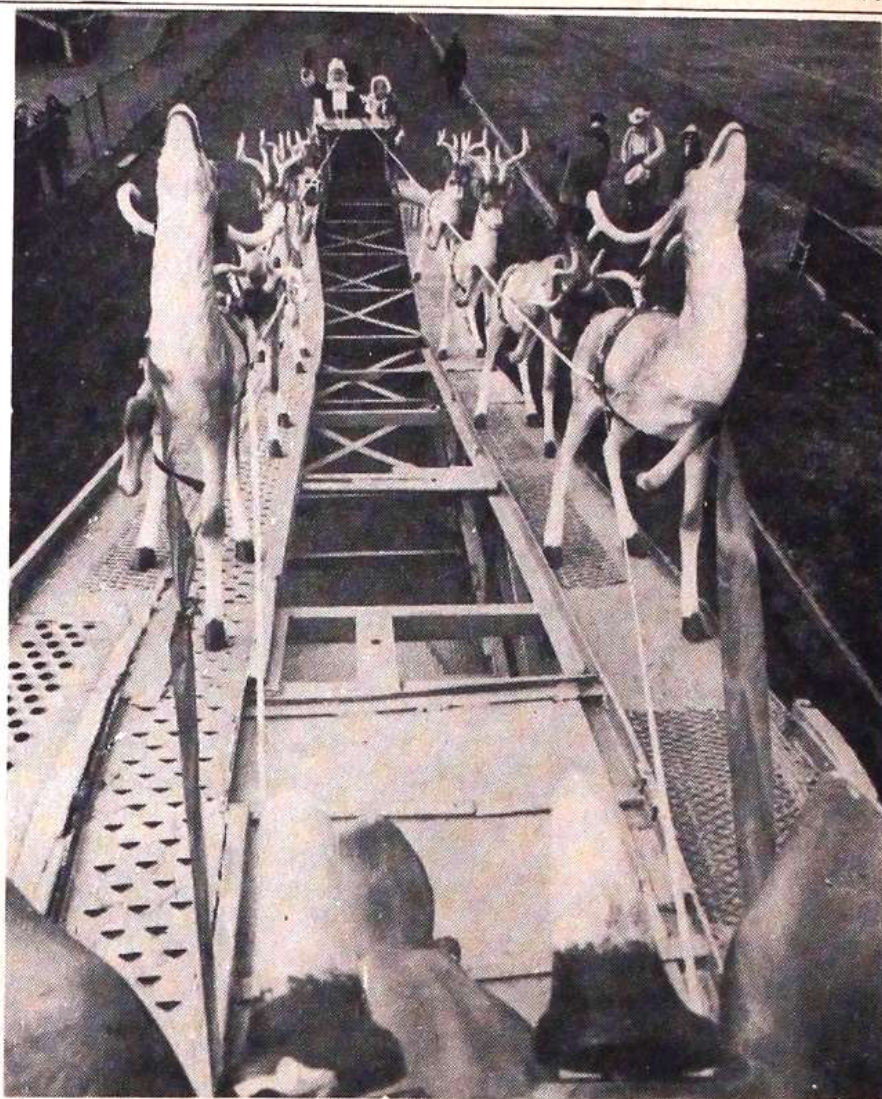

*The 1970 First Priority Selection Group includes registrants born between Jan. 1, 1944, and Dec. 31, 1950. When these registrants are classified I-A or I-A-O, they will be selected for induction in the sequence of their Random Sequence Numbers as determined by the 1969 lottery.

*A registrant who is not selected during the calendar year in which he is available

for service in Class I-A or Class I-A-O will then be placed in a lower priority category. He will not normally be vulnerable for induction unless the First Priority Selection Group for that year is exhausted.

*The Random Sequence Number established for any registrant shall apply to him so long as he remains subject to induction by random selection. The Random Sequence Number determines the order of selection among available registrants in each Local Board. These numbers will vary from board to board as each board fills its assigned calls for induction each month.

*Registrants born in 1951 (age 19 in 1970) will be assigned Random Sequence Numbers based on a new drawing to be held in the fall of 1970. They, along with all other registrants 19 to 26 who are reclassified into Class I-A or Class I-A-O during 1971, will constitute the First Priority Selection Group for 1971.

'Sheriff' Teams With Santa Offers Safe Driving Tips

Joe Higgins, the popular sheriff of Dodge TV commercials, offers the following safe driving tips for the Yuletide: "DON'T DRINK 'N DRIVE. If you must have a

belt, then make it a seat belt, heah? And them harnesses in the car aren't for hitchin' up reindeer, either. They're shoulder harnesses to protect your family and you."

"DON'T SPEED. That jolly little man in the red suit drives a nine-reindeer-powered vehicle and travels the whole world in a single night without ever breakin' the speed limit. Y'all can't beat that. So don't try."

"Keep them horses down under the hood, heah?"

"BE ALERT. Your car can

slip 'n slide around on ice or snow. Remember, now, most holiday accidents involve drinkin' or drivin' too fast for conditions."

"If you're thinkin' about takin' a double make it a double of your drivin' guard 'specially at dawn and dusk when drivin' is doubly dangerous."

"Keep your guard up against unpredictable driver or pedestrian actions. Drive defensively. Give yourself and others an extra margin of safety."

DRIVE CAREFUL NOW--"Sheriff" Joe Higgins of the popular Dodge TV commercials offers the following advice to holiday drivers: "Y'all drive careful now, heah".

"CHECK FOR CHILDREN. Little ones are going to be out in numbers on their Christmas vacation tryin' out their new bikes, sleds, skates, and doll buggies. Keep a cautious eye out for 'em."

"Before backin' out of the garage or driveway, get out of

the car and check around the back. You ought never to trust a child's life to a rear view or side view mirror."

"DRIVE A SAFE CAR. Drivin' a big responsibility and good equipment goes hand in hand with good drivin'. Have the same concern a pilot of one of those big jet aeroplanes has before takin' off."

"Don't ever drive on bad tires. Check careful-like for proper air pressure. Make sure brakes, lights, turn signals, windshield wipers nad defrosters are workin' right, heah?"

"PLAN A SAFE DRIVE. Allow lots of time for holiday travel. If you're going a long way, stop often to rest and stretch your legs. Arrive relaxed."

"Never drive a car if you are sleepy, tired, emotionally upset, uncoordinated and judgment is impaired from that hard stuff."

"The wreath on the door should be green with holly berries and pine cones to mark a happy home, not a black one with a big black ribbon to commemorate the sad passing of a careless driver."

"BE COURTEOUS. Lots of folks are going to be on the road during the Christmas-New Year holidays. It's a happy time of year when folks are thinkin' more about givin' than receivin'."

"Concern for the other fellow, whether he's on foot or in a car, is certainly part of that spirit."

"Y'll have a nice Christmas and New Year's."

"And y'all drive careful now, heah?"

THE NEW LOOK OF THE FALCON -- Falcon economy will come in a new size and style in the 1970½ models being introduced by Ford dealers in January. The nameplate, which has appeared on more than 2.7 million compact cars in ten years, will go on three models -- two-door sedan (above), four-door sedan and four-door station wagon. John Naughton, Ford vice president and division general manager, said that "the new car will give buyers the economy and durability long associated with the Falcon name but with the added features of sleek, modern design and a bigger car."

Head Start Youngsters Treated to Yule Party

ROMULUS—There comes a time in every child's life, (and parents as well) when the lovingly perpetrated Christmas myths of Santa and the North Pole are found out. A little something is lost only to memories.

But, yesterday, Dec. 16, a group of starry-eyed youngsters had a modern day Christmas adventure that restored the joys of giving and receiving to a lot of people who are sometimes thought to be a little cynical.

The Future Nurses Club, under the guidance of school nurse, Mrs. Eleanor Maw, purchased the shirts for the boys.

The little girls dresses were made by the Future Homemakers Club, sponsored by Mrs. Dorothy Westergaard.

Campaign Dinner for Dimes Held

ROMULUS—Two representatives from Romulus attended a pre-campaign dinner for the March of Dimes held Tuesday, Dec. 9.

Mrs. Shirley Cox and Mrs. Gloria Chandler, who have been active in the March of Dimes campaigns in past years were guests at a dinner held at the Elks Club in Flat Rock.

The purpose of the gathering was not only to honor those who have given

Spinal Bifida will be the special target of this year's campaign. Co-chairman for the fund drive in Romulus Township will be Mrs. Gloria Chandler and Mrs. Mary Bossary.

The Christmas Spirit

Theologians and historians may have many interpretations of Christmas. But, in our own country, as in other lands, no matter how it is observed, the power of Christmas makes itself felt in every home.

Even the most cynical must bow before the moving experience of Christmas. Perhaps this is the best evidence of the authenticity of the events of nearly 2000 years ago that introduced reverence and humility in the life of man.

Christianity has given man a conscience, a sense of right and wrong and a determination to appear worthy in the eyes of his creator.

THE TENETS of Christianity are the basis of modern civilization. They stand between man and the jungle from which he emerged so long ago.

Much of the confusion, much of the strife and intellectual decay we see around us today but reflect a denial of the ancient truths that have guided Christian behavior for some twenty centuries.

As we approach another Christmas Season, we should try to analyze the thing we call the Christmas spirit. It is far more than good cheer, happy Christmas cards and presents under the Christmas tree.

THE CHRISTMAS SPIRIT separates man from the beast. Christmas is a time of renewal, as well as rejoicing. It is the most important moment of the year.

Tigers Try To Pick Up Cage Pieces

AT HOME TO BENTLEY FRIDAY

By JIM BRAELEY
ANP Staff Writer

Belleville will try and put the pieces together this week as it prepares to host Livonia Bentley after dropping an overtime league game at

Redford Union, 61-56, Friday night.

The "pieces" started coming unglued for the Tigers when they dropped the opener to Wayne and then were trounced, 92-45 a week ago last night.

But what really "smarts" is the Friday loss to the Panthers. "I was really concentrating on the game, our first league encounter, and I felt we played a good game," Belleville Coach Allen Gates said.

Gates honestly questioned some of the calls made during the game and related some of this week. "I went over our game films four times and I honestly feel there were some very poor calls made. I know it sounds like a 'sour grapes' type of thing, but it's not fair to the kids," the usually affable Gates related.

The youthful, dedicated

mentor is usually very quiet about the officiating and would rather have it left unprinted, but he said he intends to show the game films to Athletic Director, Harry Hidenfelter, just for his observations.

Belleville raced to a 20-11 first period lead but stumbled as the Panthers clawed back to within one point, 33-32, at halftime. The Tigers eased a basket move into the lead at the three-quarter mark, 49-46.

Gates' mates led by five points of one time in the

fourth quarter, but Redford Union finally took the lead, 56-54, with 2:20 left.

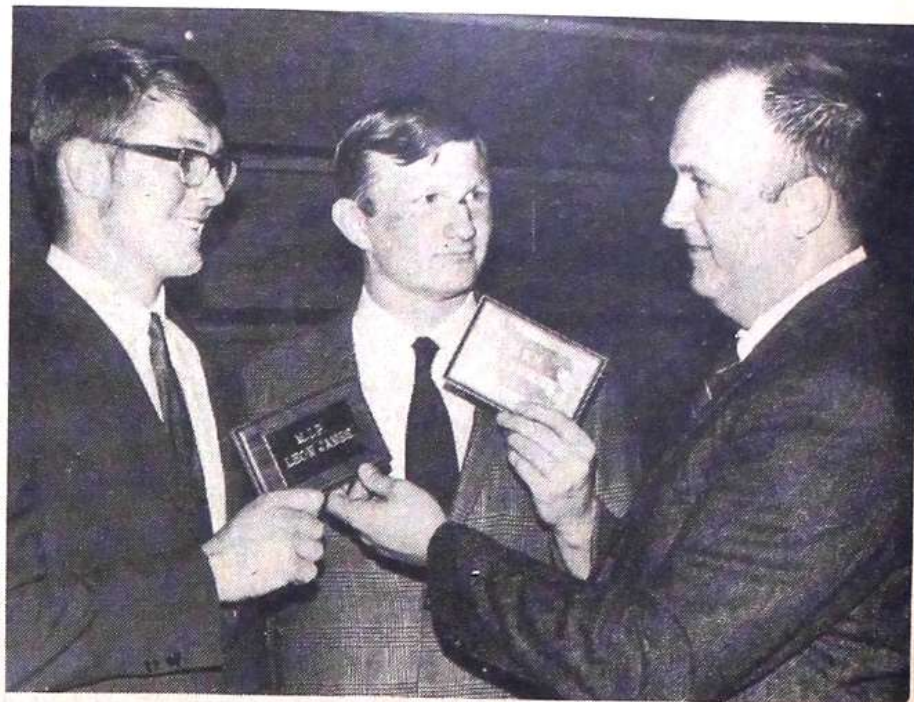

The Tigers tied it at 56-all with 30 seconds left in the game and guard Bob Lytle had a free throw which would have put them ahead. Here is where the fickle finger of fate prodded Gates' squad.

Lytle missed the free throw, Garrade Pettus then failed to connect on a shot from the top of the "keyhole" and Jim Singleton tipped a shot in the dying

seconds that hung on the rim for about five seconds before falling harmlessly to the floor as the buzzer sounded.

Redford scored five points in overtime, their last two coming just at the last buzzer, while Belleville was shut out.

Pettus hit 6 baskets and 7 free throws for a game-high of 19 points, while Lytle added 13 and Mike Garland, sparking for the second straight game, sank 11. Gary Zajac hit 17 for the Panthers (Continued on 2nd Sports)

AWARDS' NIGHT—Flashing plaques presented them for their achievements on Romulus' football team this season are Leon James (at left) and Dave Brown. Making the presentation is Head Coach George Pratt, James, a defensive lineman, was selected as the Most Improved Player while Brown, who played fullback, was given the nod as the Most Valuable Player.

3-In-Row for Tigers

MEET BENTLEY THURSDAY

There's NO DOUBT about it — if the other Western Wayne swim teams are going to shove Coach Bill Brandell's tankers off their WW throne, they're going to have to more some this year.

The Tigers dunked Robichaud 77-20 and turned back Redford Union 56-40 to stretch their winning string to three straight — and that also haven't been accomplished in these parts for quite some time.

The victory over Redford Union also launched the Suburban Six League campaign for Belleville. The Tigers accumulated six first places with Bob Coppock picking up two of those and the Susterka brothers — Barry and Brad — accounting for one win each.

Coppock pulled up in 25.2 to capture the 50 yard freestyle and registered a 54.7 for the 100 yard freestyle to become a double winner.

Barry Piled up 162.7 points on the diving boards while brother Brad raced a 4:28.1 to win the 400 yard freestyle event.

Chet Meyer turned in a 2:00 for the victory in the 200 yard freestyle event.

Coach Brandell's 400 yard freestyle foursome of Stone, Owen, Thomas and Meyer pulled up in 3:44 to win the final event.

Curt Cullin turned in a double victory when he stroked a 2:27.8 for the 200 yard freestyle and came up with a win in the 400 yard freestyle to lead the Tigers against Dearborn Heights' Tiger Pitcher Mike Kilkenny had four shutouts in the final six weeks of the 1969 season.

Don't look for Coach Dave Court and his Chiefs to be in any benevolent mood when the lone conference undefeated team, Flat Rock comes to town Friday night.

After the surprise 65-61 treatment dished out to the previously undefeated Chiefs, the Huron coach is out for revenge and a slice of first place — a cut it gave up after his team's three game victory string was slashed at Grosse Ile.

Flat Rock remains the only unbeaten team in the league and they're looking down on some tough opponents — one of which is Huron.

"I'm proud of our boys' efforts," said Coach Court after losing his first of the season. "It's difficult to win on the road in this league and my only consolation is that our rivals will have to make a return trip."

Though Huron came back from 17-14 first quarter deficit thanks to 6-7 center Rick Wasilewski, who scored 21 points for the night, the Chiefs missed a couple of

Robichaud, which also belongs in that Western Wayne Invitational field.

Both relay foursomes — Burnes, Mills, Fry and Thomas in the medley; and Prill, Cook, Villa and Wolvers, in the 400 freestyle, won handily.

Also turning in with victories were Brad Susterka, in the 200 yard individual medley; Bob Coppock, in the 50 yard freestyle; Fry, in the 100-yard butterfly; John Thomas, in the 100 yard freestyle; and Terry Mills, in the 100 yard breaststroke.

Belleville is again engaged in Suburban Six Conference competition tomorrow when it clashes with an always

tough customer in Bentley which will host the dual meet beginning at 7 p.m. in Livonia.

After romping over two non-league foes to open the season, Romulus had its first league win literally stolen away Friday night as it dropped a tight, 63-61, thriller at Willow Run in the last 12 seconds.

Field Day on Coaches

It was prime time, my time and the wrong time to engage in the controversy with that "irate caller" Saturday morn, but I felt the exchange of thoughts produced some interesting dialogue.

Saturdays, of course, are "Coaches' Day", when they keep the line going with Friday night results.

But sandwiched between coaches was this "irate caller" who wasn't angry, just looking for answers like: "If Allen Gates has the best two guards and team in the Suburban Six Conference, then where does that leave Redford Union?"

Now, for the unknowns, Gates is head cage coach at Belleville High and his Tigers lost an overtime decision to R.U. in the League opener. And prior to that loss, he also dropped nonleague decisions to Wayne Memorial and Ypsilanti.

"Are you a Redford Union fan?" I asked to determine if we were questioning a biased witness.

"I graduated from Belleville High. I love sports. I followed my school in football and am following them in basketball," he answered.

He's biased, alright.

"We want a winner," he exclaimed.

"And Gates doesn't?" I asked.

"It sure doesn't look like it!"

A Second Guess

I reminded the caller that this was, after all, the season to be jolly and not nasty.

"We're going to start a recall campaign," the caller said, "And we just want the press to know about it."

Whoa, there, McGee! Recall? Before you all start recalling, recall that Coach Gates has barely gotten his feet wet. This is the start of his second year. You haven't forgotten the very, very, lean years before that, have you?

"Then, at least, let him keep his mouth shut."

Agnew!

Now, there's the rub. To keep or not keep one's mouth shut. 'Tis easier to tell than to do. To give support than to withhold. Easier to criticize than to help solve.

'Tis the nature of all men (and women).

It's easy to sit in the bleacher and say what the coach should have done — to second guess him. I've done it — you've done it, and my excuse is old age. Yours?

But who knows his plays and players better — the fan or the coach?

And if a coach comes out with a "we have a best," couldn't (Continued on 2nd Sports)

Run managed 25 of 60. Romulus out-rebounded the Flyers, 42-24, almost double, and sank 13 of 31 clarity tosses to their host's 13 of 33.

Usually reliable Charles Johnican hit only 6 of 23 from the floor, while Szyndlar sank 5 of 10. Duva was especially proud of the

The gold medal went to Romulus' Russell Reaume who took first place in the 185-pound class.

At the 16-team invitational, Ypsilanti grapplers again ruled the team competition as the Braves compiled a total of 114 points to retain the title for the third consecutive year.

In second place was Dearborn with 68 points, while Crestwood (46), Belleville (42) and Ann Arbor Huron (41) followed in second through fifth, consecutively.

Coach Jim Stallings' Eagles had a total of 37 points which was good enough for sixth place.

Reaume reached the finals via a 4-2 decision over Garden City East matman Gary Lyman. He gained a 13-9 decision of Edsel Ford to David Brown to capture the 185-tourney title. Teammate John Irrington finished third in the 155-pound bout after decisioning Gary Schauer of Edsel Ford, 3-2.

Romulus' Greg Stephens lost out on a third place medal in the 115-pound class when Edsel's Clinik turned him back 6-2.

Belleville's Gary Krajewski was forced to settle for a second place medal in the 145-pound category after losing to Ypsilanti's Bow and teammate Tony Ogletree would up in fourth in the 175-pound class. He yielded to Dearborn's Kinzel.

In the heavyweight class Belleville's Kevin Simons emerged on top of a 2-0 decision with Romulus' Tim Syplula for third and fourth place, respectively.

it be to give his team a lift, or "that we are the worst" to bat down his inflated team?

After mamas and papas and girlfriends get through with our high school athletes, someone has to set the player straight. And that job usually falls on the coach, who's papa, mama, psychiatrist, and everything else to the player.

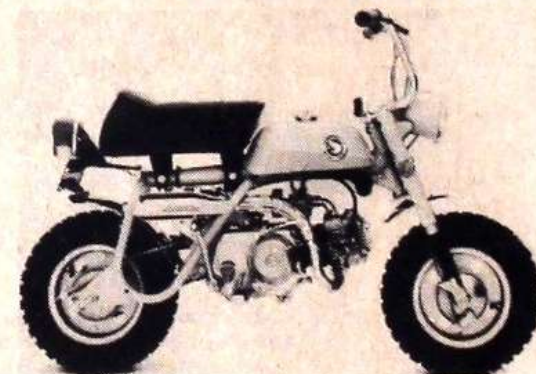

And, after all of those jobs, the poor guy has to coach.

Poor Gates.

Unknowns Are Real Fears In Hospital Stay For Child

Going to the hospital is an unpleasant experience for anyone, but for a child it can leave emotional scars long after physical health has been regained.

You can prepare your child for a hospital stay and guide him past the danger of emotional trauma, stresses Mrs. Kathleen Bufton, extension home economist for Wayne County.

Because fear of the unknown is far more terrifying than anxiety about the known, it's important that you tell your child, simply and matter-of-factly, why he is going to the hospital.

"By doing this, the child won't feel that the hospital was a mean trick played on him, or a punishment for some unknown wrongdoing," she notes.

IN EXPLAINING the coming events, the amount of detail you give will depend on the age of the child and his ability to understand.

For example, with an 8-year-old, Mrs. Bufton suggests reassuring him about surgical masks lest they suggest faceless monsters from the comic books.

With any child, however, it's important to present a rounded picture of the

hospital. Make sure he knows it's more than just the operating room.

SOME EXPERTS advise explaining the situation only a few hours before, to prevent prolonged brooding. For the school-age child, especially if he's a worrier, this may be wise. But its disadvantages lies in your difficulty to be as calm and matter-of-factly as you might have been a week before.

Also, it gives you little time to deal with whatever worry or fear the child may express.

For the preschool youngster, Mrs. Bufton recommends that you repeat your explanation until you are sure he understands and his confidence is built up.

It's important to be honest in your explanation. It's particularly needed about coming pain, how much you can visit, and how long he'll be in the hospital.

"If the child is having an operation, don't deny that it will hurt, but assure him that he will be able to stand it and that it will go away," advises the agent.

A CHILD needs his parents presence. To help ease his anxiety as possible, take him to the hospital yourself. And if possible be

with him before and after an operation.

In addition, find out exact details about visiting regulations from the hospital. Then let your child know when he can expect you so he won't be waiting tensely and in vain.

"It is just as harmful to deceive a child innocently at to mislead him wilfully. Either way, you betray his trust in you," reminds Kathy Bufton.

Writer Describes Pet Gimmicks Of Outdoors

BY LEE SMITHS
Special Writer

Any outdoorsman is likely to have a pet gimmick, a foible, an invention that he cherishes.

A famous naturalist-photographer, Walt Hastings, carried hard candy afield. A few pieces of candy, Walt found, provided a quick pick-up.

For Stewart Edward White, a Michigan man, author, sportsman, a vest was an indispensable item of clothing. White wore a vest on wilderness expeditions and

in Africa. He found vest pockets a great convenience.

Hy Dahlka, of Gibraltar, a veteran wild-fowler, kept a can of deer tallow on the engine of his tug, duck hunting in Lake Erie. The tallow protected his hands from the effects of handling decoys in freezing weather.

THE LATE James B. Hendryx, of Suttons Bay, kept a canned-heat outfit in his duck boat and drank tea, with a lot of sugar, when exposed to storm and cold.

One of the best of the old-time deer hunters in the

Upper Peninsula carried a small knapsack on a shoulder strap. In the knapsack was a sweater and a rubber poncho. If he worked up a sweat; he pulled on the sweater; caught in the rain, he wore the poncho.

Tom Schroeder always had a plastic bowl in his hunting coat, a drinking cup for his dog.

A NOTEBOOK and pencil was a standard item of equipment for an old-timer, who left messages along the trail to keep his partners informed of his plans.

Cheesecloth or cotton rags were toted by a highly successful hunter, for wiping out the inside of a hog-dressed deer. He also doused the interior of a deer carcass with black pepper, to keep flies away.

A deer hunter put in a phone call to object to high rubbers. He said they were never waterproof. Knee boots, of flexible rubber, he said, were much preferable. For warm feet, at all temperatures, sheepskin moccasins worn inside rubber boots are sure fire.

BUT, ABOVE ALL, a Michigan deer hunter of the present era must be ready and able to sit, motionless, for hours. Can he smoke? On that question there is a difference of opinion. Some experts say the smoke will not spook a deer, although of course a deer-sitter should choose a stand up-wind from the direction from which he expects a deer to approach.

A test of wood:raft and hunting skill is to take a deer track — keep on it — and hang up the deer. Few city dwellers can do it.

Old Timer Makes A Spot Check of Natural Resources

We saw very few deer, alive or dead, along the way. Question — are deer learning to avoid highway peril? It could be. Scientists have not told us very much about communication among animals. Does a fish that has survived the pain of a hook in its jaw let other fish know about man, the predator, and his wiles?

As the car rolled along through wooded country, it was possible to read the history of Michigan's deer herd. Hardwood brush — maple mostly — was heavily browsed. Cedar swamps showed the browse-line where hungry deer in winter had cropped as high as they could reach. Big cedar was harvested during the era of pine logging and abundant second-growth was a prime factor in the buildup of Michigan's deer population. Hardwood cutting and second-growth provided another kind of winter food. As deer leave their winter yards they crave tender twigs of hardwood.

PROBABLY THERE are more deer in northern Michigan now than when the first settlers arrived. The Upper Peninsula had caribou. There were caribou in Michigan — on Isle Royale in Lake Superior, in the present century.

Moose were never abundant in Michigan. Moose prefer a certain combination of water and woods. Forty years ago 70 moose were transported from Isle Royale, where there had been a heavy starvation die-off, and were released in the central part of the Upper Peninsula. Moose were sighted at times for a few years, then disappeared.

Originally the moose had drifted westward from Canada along the north shore of Lake Superior before crossing to the big island. We followed a moose track for 10 miles on an old road a year or so after the planting. The tracks were straight east, as though the moose was returning to Ontario.

Recently we found the tracks of a moose and calf in Alger County. It is not usual to find moose sign along the St. Mary's River, opposite the Canadian shore.

What else on a spot check expedition? Not too many grouse, but a lifetime of grouse watching has revealed that grouse may be absent from good habitat yet be abundant a mile away there is an ample food supply.

BEAR? MICHIGAN has more black bear now than it had 50 years ago. There was a time when bear were the

villains, killed, trapped, persecuted the year around. Bear earned the hostility of early settlers, not merely because on occasion they did prey on live stock, but also because a dead critter of any kind attracted bears from far and wide. A mauled carcass was deadly evidence of bear guilt.

At a lunch room on Highway 2 we could see a group of rental cabins, half a mile down the road. A sizeable bear was exploring the premises, in broad daylight. That bear had caught the scent of food — and was prepared to rip a cabin apart to get to a tidbit.

The most exciting event of our expedition was a brief stop at the Seney Wildfowl Refuge where we parked with more than 100 Canada geese surrounding the car. These are giant Canadas, a race or species that was considered extinct until recently. These geese average twice the weight of common Canadas. They breed on the refuge, in spite of the depredation of raccoon, Michigan's most destructive predator. A gander guarding his mate on the nest is a formidable fighter. But raccoon are smart, and by team work, they succeed in enticing the parent geese away from the nest so that the raccoon can pounce on eggs or fledglings.

Half a century ago ravens were rare in Michigan. Now they are fairly abundant, and it could be that highway-killed deer provide a food supply that enables ravens to flourish and increase.

MICHIGAN'S MOST spectacular bird probably is the pileated woodpecker, known in the old days as "cock of the woods". They were shot by homesteaders because they are spectacular targets, and because the red part of their plumage was useful in rigging a trolling spoon.

Fish? Michigan has a large amount of unfished water — stream and lake. An angler more concerned with exploration and discovery than in fish poundage could try out lakes, beaver ponds, stretches of wild river where rod pressure is zero.

So what conclusion can we reach from this sketchy trial balance? I'd say, No. 1, that Michigan rates among the states as unsurpassed for recreational resources. No. 2, that management of these resources is in good hands, insuring richer returns as the years roll on.

Beyer Memorial Gets 3-Year Accreditation

The Peoples Community Hospital Authority's Operating (PCHA) Committee meeting at Wayne Dec. 12, was informed that Beyer Memorial Hospital (Ypsilanti), a hospital unit of PCHA, had received three-year accreditation from the Joint Commission on Hospital Accreditation.

Also announced was the expectation that the new Beyer Hospital unit should be completed for occupancy on or about Feb. 1, 1970.

Renovations and additions to Seaway Hospital, another PCHA unit in Trenton, should be completed by Jan. 1.

PCHA directors heard a report from Tracey E. Salisbury, director of the City of Ecorse, on a visit to a hospital in Fairfax, Virginia, where he inspected the installation of German manufactured laundry equipment.

"I WAS genuinely impressed with the equipment and came away feeling reassured that PCHA directors had made a far-reaching, wise decision concerning the purchase of this equipment for the new, proposed central PCHA laundry," said Salisbury.

Other business of the Operating Committee included approval of certain recommendations to the full Board of Directors at its Dec. 18 meeting.

Payment of routine bills, approval of medical staff appointments, and an increase in service fees of occupational therapy were referred to the Board for its approval.

The meeting was held at Outer Drive Hospital and chaired by Patrick J. Norton, Vice Chairman of the Board of Directors from Wayne.

Grassroots Opinion

BONDUEL, WISC. TIMES: "We have noticed...that many localities have a crime alert system worked out whereby youngsters who are either being molested or annoyed by strangers may come into a home displaying some sort of insignia in a window.

Protection will be given to the children and the parents and authorities notified in regard to the possible danger to the youngsters. Another method being used to help protect both adults and children is a 'crime alert' phone number. If you see a crime being committed or suspicious actions, you just call the number and you don't have to leave your name, either."

ALAMOGORDO, N.M., STAR: "I've finally decided what an employer really wants in an employee. After interviewing inexperienced, experienced, schooled, unschooled, the deciding factor is two simple elements. And, they are rare. 1.) Common sense. 2.) Enthusiasm. I would by far rather employ an unschooled, inexperienced individual with common sense and

enthusiasm, than someone with both a degree and experience who lacked these vital necessities."

Vietnam was divided into two countries in 1954.

Kansas became a state in 1861.

INCOME TAX HIKE ADDED

House Tax Committee Hits Property Tax Credit Plan

State Representative Vincent J. Petitpre (D-Westland), acting chairman of the House Taxation Committee, has reported that the committee has struck from Senate Bill 1084 a proposal to abolish the property tax credits now deducted from state income tax and replaced it with a four-tenths of one per cent (0.4 per cent) personal income tax.

Senate Bill 1084 is one of the key bills in the educational reform program presently before the Legislature.

Petitpre said the Taxation Committee also has approved the so called DeMaso Package, legislation which would find additional money for education by plugging existing tax loopholes.

PETITPREN, VICE CHAIRMAN of the Taxation Committee, is serving as acting chairman during the indefinite leave of Representative George Montgomery (D-Detroit). The Committee met Friday.

"The committee felt that the .4 per cent personal income tax was much fairer to more people than elimination of the property tax credits," Petitpre said. "Our studies showed that a family with five dependents and a \$10,000 annual income would, with the .4 per cent personal income tax, pay only \$16 more a year, approximately 30 cents a week. The loss of Property

tax credit would effect only residents at a cost of \$37 to \$50 per year.

THE PROPERTY tax credit abolishment would have brought in an estimated \$116 million in revenue for education, Petitpre said. It is estimated, he added, that the .4 per cent personal income tax would yield \$123 million a year.

"It should be noted," Petitpre said, "that it may be possible to cut the .4 per cent personal income tax in half, or down to .2 per cent, if we are able to raise funds for education for the proposed state cigarette tax increase, or by other means.

Petitpre said the DeMaso package (named for Senate Taxation Committee Chairman Harry A. DeMaso) would, by closing tax exception loopholes, bring in about \$48 million a year for education purposed.

The legislation eliminates a series of special tax exemptions in a variety of areas. This package was reported out of the Taxation Committee today. This puts the DeMaso tax bills before the House of Representatives for debate.

"THERE IS no reason why these loopholes should not be eliminated," Petitpre said. "The state needs the money for education. We can do without these special interest exemptions. I do not feel that their loss will seriously hurt anyone. They will, on the other hand, be of

tremendous benefit to education."

TO TOUR BRITISH ISLES—Four local students have been chosen to perform in Great Britain with the Musical Youth International. They are shown above beaming about their selection and displaying the site of their summer tour. Left to right are Cathy Motto, Leon Varney, Janet Rowe and Roger Gillespie. They will leave in June and return on or before August 8.

Local Students to Tour British Isles With MYI

BELLEVILLE—Four area students have been chosen to tour Europe next summer. They are Cathy Motto, Leon

Varney, Janet Rowe and Roger Gillespie all of Belleville. They will tour the British Isles with Musical Youth International.

The 1970 itinerary will include selected cities in England, Scotland and Wales. A group of one hundred students from the Great Lakes area have been selected to form both a concert band and chorus.

Approximately half of the students are instrumentalists, half are vocalists. They will leave Detroit for London on or about June 28 and return on or before August 8.

REHEARSALS ARE being held on Saturdays in Saline Area High School, Saline, Michigan.

Musical Youth International is a non-profit membership association organized to foster good international relations through experiences in the arts and family living.

The organization sponsors an annual tour for selected high school students from ages sixteen to eighteen. These young people hail from Michigan as well as neighboring states and the province of Ontario, Canada.

THEIR OBJECTIVE is to present to other countries a vivid demonstration of the regions public school music program while experiencing for themselves the family and community life of their host nation.

Organized in 1965, Musical Youth International has received acclaim throughout Europe, Mexico, Japan as well as the United States.

An average family with an income of between \$4,000 and \$10,000 had six prescriptions filled at drug stores during a year, a survey showed.

Van Buren To Pay for Water Line

BELLEVILLE--An agreement calling for the payment of \$45,535 by Van Buren Township to SAT Enterprises of Belleville has been approved by the Van Buren Township Board.

The payment to the firm, builders of the Suburban Estates Trailer Park, represents costs for construction of a water line by the company on Lohr Road to get township water to the trailer park.

Township Attorney Thornton Hopson was instructed by the Township Board to draw up the agreement that will permit the Township to make the payment over a five-year period.

Christmas Reception Announced

ROMULUS—Fifty area business representatives have been invited to attend a Christmas Reception to be held in the Voyageur Room of the Metro Inn, 8600 Merriman Road, Monday, Dec. 15.

Co-hosting the Christmas Reception are the Romulus Township Administrative Offices, Thompson-Brown Company and Jack Wilson, of Metro Inn.

Members of the Romulus Township Citizens Advisory Committee will also participate in the attendance.

A BIG WELCOME HOME—Specialist Four Pete Faulkner, arrived home last Wednesday, Dec. 10, after a tour in Vietnam. His reception will be long remembered. Members of his family welcomed Pete with a 40-foot long "Welcome Home Pete" sign across the front of his parents' home, 10190 Hyde Park, Romulus. Nineteen members of the Faulkner family were at the reception.

Soldier Gets Big Welcome

ROMULUS—Nineteen members of the Faulkner Family were on hand at Metropolitan Airport to welcome Specialist Pete Faulkner home from his tour of duty in Vietnam where he was with the First Battalion, 92nd Artillery Group in Pleiku.

Specialist Pete who arrived Wednesday, Dec. 10, is the son of Mr. and Mrs. William Faulkner of 10190 Hyde Park.

The only member of the family unable to join in on the happy occasion was Pete's older brother, Michael, who is also in the Army and stationed in Dusseldorf, Germany.

After his present leave, Pete will be stationed at Ft. Benning, Georgia. He attended Romulus High School before enlisting in the Army.

Mr. and Mrs. Faulkner, having four sons and three daughters, are no strangers to the ways of the Armed Forces.

Their oldest son, Willard, joined the Navy and their second daughter, Sharon Harrah, as well as Mike and Pete have gone the way of the Army life.

Appropriately enough, Mrs. Faulkner is an active member of the Service Mothers Club of Romulus.

One of those welcoming

Pete home was five month old Richard Craig, son of Emmett and Pat Wallace.

Richard will be meeting his uncle and Godfather for the first time.

Directors To Meet

Office of Youth Services Bill is Signed by Governor

Gov. William G. Milliken's signature on a bill creating an Office of Youth Services this week climaxed a determined campaign by Sen. N. Lorraine Beebe (R-12th District) and other civic leaders interested in the welfare of Michigan's young people.

The bill, which was given immediate effect by the legislature, also creates a three-member Youth Parole and Review Board, and a five-member Youth Advisory Commission.

The new agency, which will be part of the Department of Social Services, will be headed by a Youth Services Director to be named by the Governor, with Senate approval.

"**DETERMINED** EFFORTS by a lot of people have gone into this measure," said Sen. Beebe, primary sponsor of the legislation.

"This new law will consolidate the state's wide-ranging efforts to help our young people solve their problems. It is especially designed to work in the field of juvenile delinquency and with neglected children.

"It will enable us to formulate a well-coordinated program for Michigan young people, to provide better communication between them and state government, to move more expeditiously to reduce juvenile delinquency, and to provide better job opportunities.

"IT WILL also provide for more student participation in governing bodies of our state-supported colleges and universities.

"I am delighted that the legislature gave this measure such enthusiastic support and that so many legislators worked for its passage."

"**WELL DONE, SENATOR**"—Governor William G. Milliken congratulates Sen. N. Lorraine Beebe (R-12th District) after he had signed a bill she sponsored to create an Office of Youth Services. The Governor termed Sen. Beebe's bill "a major step forward in consolidating efforts to deal with youth and their problems, especially juvenile delinquency and neglected children." Sen. Beebe, the only woman in the Senate, is Chairman of the Senate Committee on Health, Social Services and Retirement.
